ALPHA-twist®

Certified

Add a little **TWIST** to
your rodent cages
with our clean,
carefully crafted,
multi-layered paper
nesting material.

Shepherd is committed to prioritizing **EXCELLENCE IN THE CAGE**, by categorizing our products into the three performance categories below.

Research Integrity

ALPHA-twist® ensures the elimination of confounding variables. Our integrity is to make sure our nesting material is **not** a research variable.

- **Comprised of virgin, bleached paper pulp**
- **Certified** ; ideal for toxicology & GLP studies
- **Exceptional cleanliness & consistency**
- **Free of chemical contaminants**
- **Free of mycotoxins & endotoxins**

Animal Health & Welfare

We at Shepherd believe it is our duty to provide a nesting material that encourages species-specific behaviors and overall health.

- **Triggers species-specific Behaviors**
- **Soft & comfortable**
- **Comprised of a clean and consistent material**
- **Exceptional nest building**
- **The safer nesting choice**
- **Flexible custom dosing**

Operational Productivity

ALPHA-twist®'s unique, tightly rolled and uniform characteristics allow it to dispense quickly in a consistent manner to be used in a large scale research facility.

- **Easy to dispense consistently**
- **Virtually dust free** (excellent option for nude mice)
- **Available pre-blended in bedding**
- **Economical**
- **Available through our distributor network**
