Where present, "----" indicates the assay was not requested for this sample.

This report shall not be reproduced, except in its entirety, without the written permission of NP Analytical Laboratories. The test code located next to each assay is the method reference code. Results are for the samples submitted only and apply to the samples as received. For additional information, contact Customer Services at 800-423-6832 or 314-982-1310. Samples submitted to NP Analytical Laboratories for testing are retained for a minimum of thirty (30) days after the analysis report is issued when sample stability permits. Requests for extended storage must be made to NP Analytical Laboratories prior to or at the time of sample submission.
